Staff recognition that gets noticed — a certificate in the inbox, not a badge on a dashboard.

VIBE Recognition turns a nomination into a branded PDF certificate, emailed to the recipient automatically — in under 60 seconds, no login or app required. It's fully white-label, so every business looks like they built it themselves, and pricing is a flat licence fee, not per user, so clients are never penalised for recognising more people.

KEY FEATURES

- ✓ **QR code entry** — scan a code or visit a URL, no account or app needed, works on every device
- ✓ **Auto PDF certificates** — branded and personalised, generated and emailed instantly per nomination
